This store's policy for more than 23 years has been to avoid carrying over any goods from one season to another, preferring to make prices "next to nothing" rather than do so, hence cost or value is of no consequence whatever during these sales, our object being to sell and sell quickly so that the incoming season will not be hampered with stocks of any description belonging to another. As an incentive to the people of Cedarville to attend this sale, additional with the extraordinary values offered we shall pay the fare to Springfield on all cash purchases of \$10.00 and upward.
